# About Us

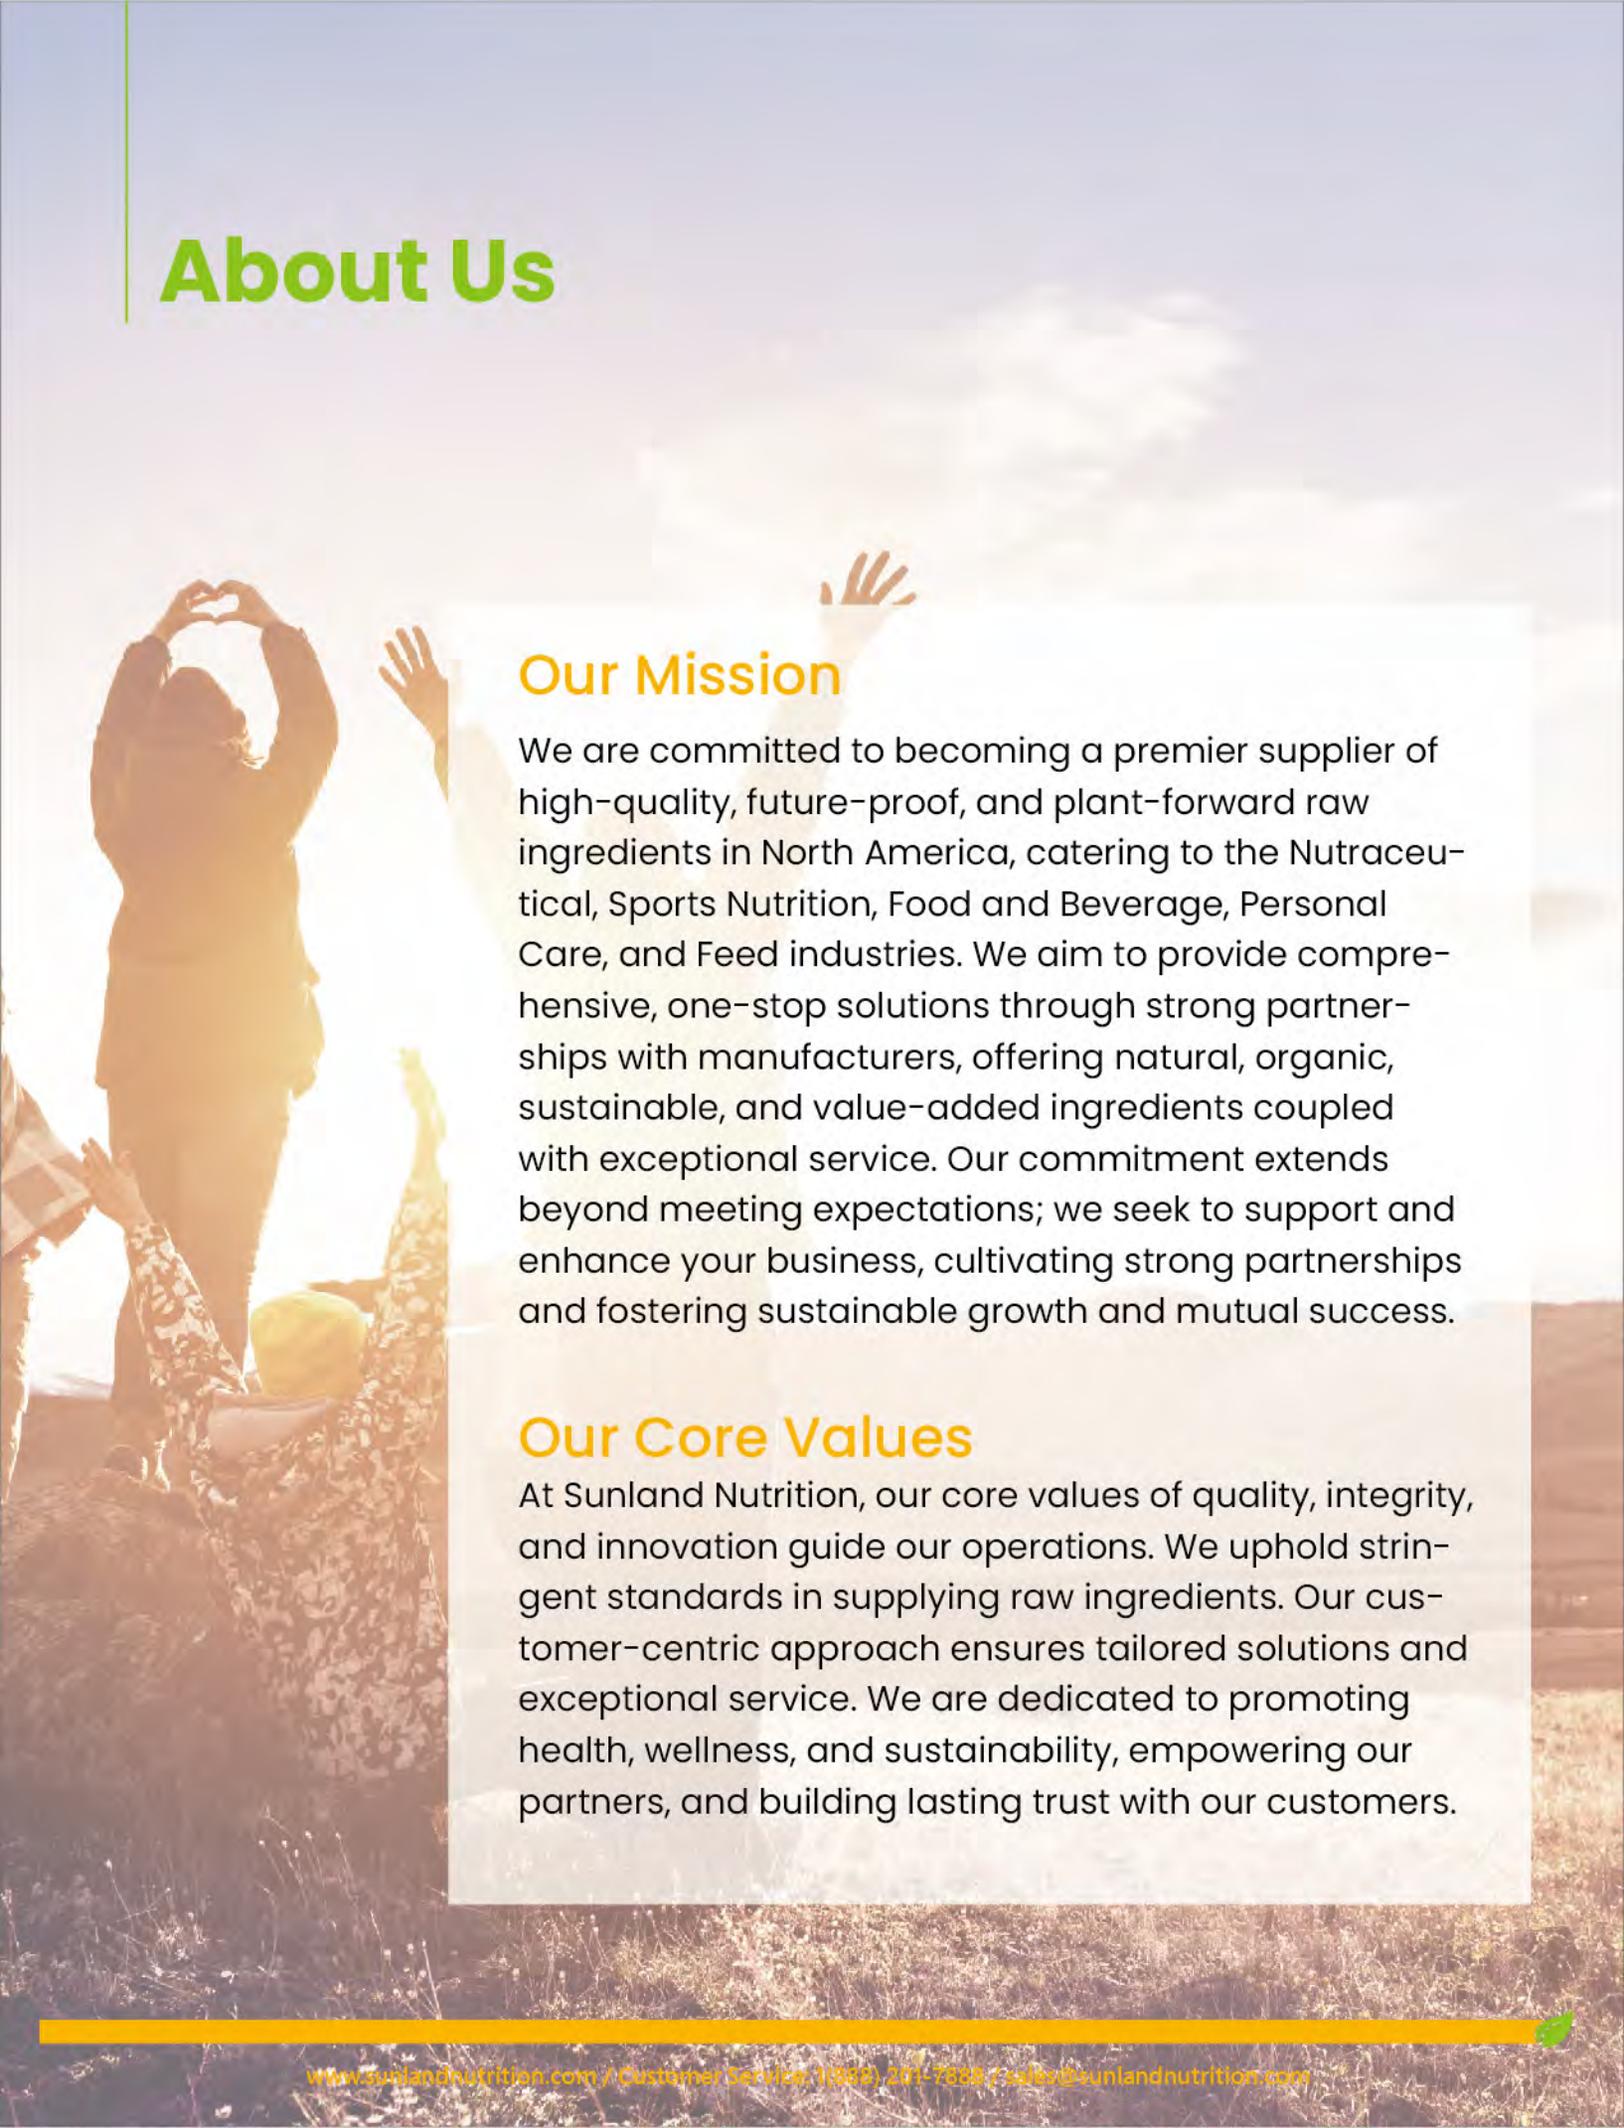

## Overview

Sunland Nutrition Inc. stands as a premier supplier of high-quality nutritional raw ingredients across diverse markets including Sports Nutrition, Nutraceuticals, Food and Beverage, Personal Care, and Animal Nutrition. With over 12 years of experience, we are a trusted partner for brands, co-packaging, and private label manufacturers. We excel in sourcing, inventory management, custom formulation, and certified organic ingredients, offering comprehensive one-stop solutions that add value to your products and brands.

Our extensive range includes high-purity amino acids, organic sweeteners, plant-based proteins, vegan vitamins, minerals, L-Carnitine, and a variety of organic mushroom, herbal, fruit, and vegetable powders and extracts. We also provide antioxidants and other functional ingredients, all supported by our commitment to sustainability and innovation. Our strategically located warehouses and sales offices across North America ensure prompt delivery and excellent customer service.

At Sunland Nutrition, we offer market trend insights for Food & Beverages and Nutraceuticals, empowering partners to navigate the evolving marketplace. We are your reliable choice for a stable, long-term supply of raw materials in the North American supply chain.

# About Us

## Our Mission

We are committed to becoming a premier supplier of high-quality, future-proof, and plant-forward raw ingredients in North America, catering to the Nutritional, Sports Nutrition, Food and Beverage, Personal Care, and Feed industries. We aim to provide comprehensive, one-stop solutions through strong partnerships with manufacturers, offering natural, organic, sustainable, and value-added ingredients coupled with exceptional service. Our commitment extends beyond meeting expectations; we seek to support and enhance your business, cultivating strong partnerships and fostering sustainable growth and mutual success.

## Our Core Values

At Sunland Nutrition, our core values of quality, integrity, and innovation guide our operations. We uphold stringent standards in supplying raw ingredients. Our customer-centric approach ensures tailored solutions and exceptional service. We are dedicated to promoting health, wellness, and sustainability, empowering our partners, and building lasting trust with our customers.

# Sustainability

A background image showing two hands, one from the left and one from the right, cupping a small, glowing globe of the Earth. The hands are wearing dark green, ribbed sleeves. The background is a solid light green color.

At Sunland Nutrition, we leverage our extensive scale and innovative culture to foster a more sustainable future. Our commitment to sustainability is evident in our raw material sourcing and operational practices, which emphasize reducing paper and plastic usage, minimizing carbon emissions, and advocating for environmentally sustainable growth. We focus on four key impact areas: global sustainable sourcing, paper and plastic reduction, natural resource protection, and product and service innovation.

Join us in shaping a greener tomorrow! We deeply value the power of nature and are dedicated to using innovative, sustainable products. Choose Sunland Nutrition for a future-proof partnership with our organic and sustainable ingredients.
